- **Voting For Your Favourite Artist** (Page 16)

STEP 1

Type "new gmail account"

STEP 2

Click on "Create a Gmail account"

The screenshot shows a search interface with navigation tabs: Gmail, For others, Perspectives, For business, Images, and To p. Below the tabs, it indicates 'About 19,050,000,000 results (0.26 seconds)'. The first search result is from Google Help, with the URL 'https://support.google.com › mail › answer'. The link 'Create a Gmail account' is highlighted with a red box. Below the link, the text reads: 'To sign up for **Gmail**, **create** a Google **Account**. You can use the username and password to sign in to **Gmail** and other Google products like YouTube, Google Drive, and Google Photos.' The second search result is from Google Support, with the URL 'https://support.google.com › accounts › answer'. The link 'Create a Google Account' is highlighted with a red box. Below the link, the text reads: 'Use an existing **email address** · Go to the Google **Account Sign In** page. · Click **Create account**'.

STEP 3

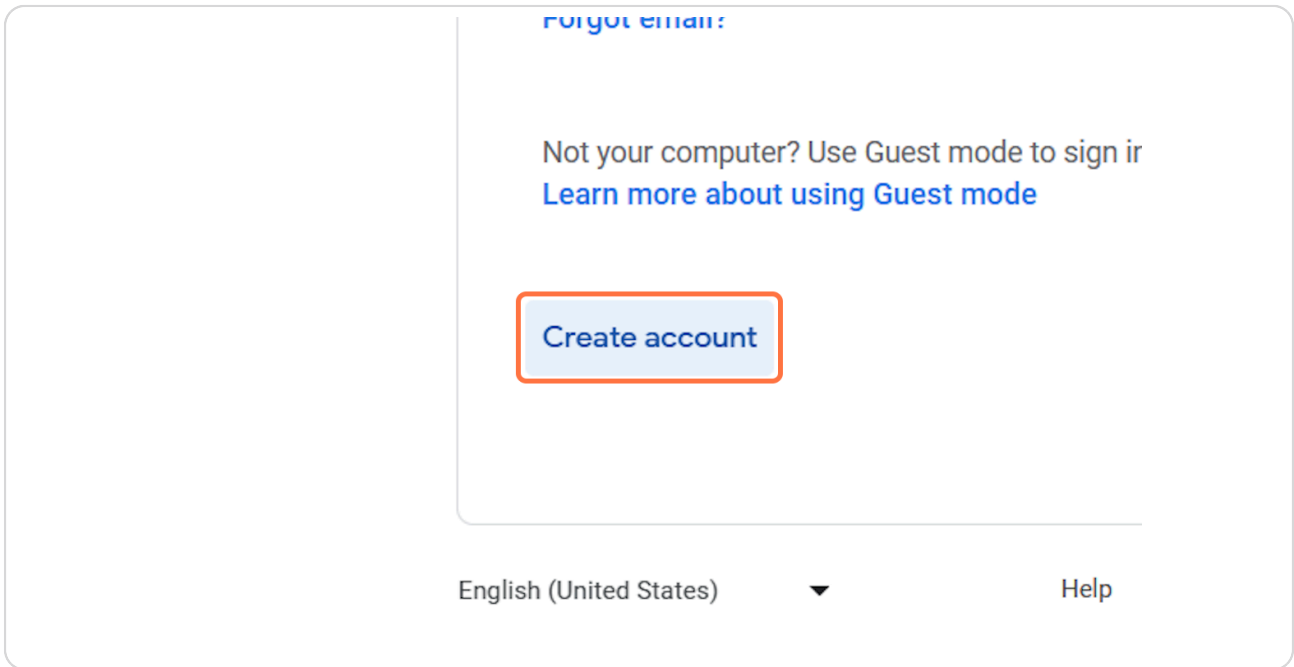

Click on Create an account

The screenshot shows a page titled 'Sign up for a Gmail account'. It contains a numbered list of four steps: 1. Go to the Google Account sign in page. 2. Click **Create account**. 3. Follow the steps on the screen to set up your account. 4. Use the account you created to sign in to Gmail. Below the list is a blue button with the text 'Create an account' highlighted with a red box. Below the button is a section titled 'The username I want is taken' with the text: 'You won't be able to get a certain Gmail address if the username is:'. This is followed by a bulleted list: • Already being used. • Very similar to an existing username (for example, if exam
